We all fear death s dark spectre, but in a zombie apocalypse, dying is a privilege reserved for the lucky few. There are worse things than a bullet to the brain-much worse. The dead are walking, and they re hungry. Steven Jenkins, bestselling author of Fourteen Days and Burn The Dead, shares five zombie tales that are rotten for all the right reasons. Meet Dave, a husband and father with a dirty secret, who quickly discovers that lies aren t only dangerous.they re deadly. Athlete Sarah once ran for glory, but when she finds herself alone on a country road with an injured knee, second place is as good as last. Howard, shovelling coal in the darkness of a Welsh coal mine, knows something s amiss when his colleagues begin to disappear. But it s when the lights come on that things get truly scary. Five different takes on the undead, from the grotesque to the downright terrifying. But reader beware: as the groans get louder and the twitching starts, you ll be dying to reach the final page. Utterly hair-raising, in all its gory glory! CATE HOGAN - Author of One Summer.
