GAO examined the roles of the program manager and contracting officer in developing the acquisition strategy for the Army Tactical Missile program. GAO found that: (1) the project manager played a lead role in finalizing the acquisition strategy by reviewing the draft requirements document for the system and in revising the strategy after the Army and the Air Force dissolved the joint program; and (2) the contracting officer participated as an influential advisor throughout the acquisition strategy development.

### Reviews

*This publication is amazing. It is definitely basic but shocks in the fifty percent of your publication. You wont feel monotony at anytime of your own time (that's what catalogues are for concerning if you question me).*
