Taylor Francis Inc, United States, 2017. Paperback. Condition: New. 8th New edition. Language: English . Brand New Book. This lucid account of Russian and Soviet history presents major trends and events from ancient Kievan Rus to Vladimir Putin s presidency in the twenty-first century. Russia does not shy away from controversial topics, including the impact of the Mongol conquest, the paradoxes of Peter the Great, the inevitability of the 1917 Revolution, the Stalinist terror, and the Gorbachev reform effort. Tackling those topics and others, the new edition is updated to discuss the Russia-Georgia war of 2008, the 2013-2014 Euromaidan protests in Ukraine, the war in eastern Ukraine, and the Russian annexation of Crimea. Distinguished by its brevity and amply supplemented with useful images and suggested readings, this essential text provides balanced coverage of all periods of Russian history and incorporates economic, social, and cultural developments as well as politics and foreign policy.
